

1 PREPARE 2 TREAT 3 MAINTAIN

NATURAL SOAP

Nourishing effect

Cleans and maintains the wood gently. Penetrates deep into the wood. Improves resistance.

For regular cleaning

Fast, easy and gentle to use. Ideal for floors, furniture, table tops and panels. Suitable for toys.

For the basic treatment of softwood

Well suited for basic treatment of softwood, if a soap finish is preferred.

Indoor climate labelled

Ensures a good working environment during application. Does not harm indoor air quality. Free of perfume and additives.

PRODUCT DESCRIPTION

Clean and maintain oiled, waxed and soaped wood surfaces with Natural Soap. This mild, penetrating soap removes dirt and helps prevent the wood from drying out and cracking. It leaves behind a microscopic, breathable soap layer on the surface that maximizes resistance and makes the surface easier to

keep clean. Natural Soap is indoor climate labelled and free of perfume and additives.

APPLICATION AREA

For cleaning and maintenance of oiled, waxed and soaped wood surfaces.

Product information

Coverage: 320-400 m²/L

Packaging: 250 ml, 1 L, 2.5 L + 5 L

Colours: Natural, white & grey

WORK DESCRIPTION

Preparation

Daily cleaning is made with vacuum cleaner or broom. The frequency of floor cleaning depends on the wear on the floor. Very dirty floors may be cleaned with WOCA Intensive Wood Cleaner before using Natural Soap.

Mixing ratio

Daily cleaning: 1:40 (125 ml to 5 L water).

Basic soap treatment: 1:10 (500 ml to 5 L water). Apply once a day for 3 days.

Note

Use mops/cloths with high cotton content. Don't use mops/cloths containing microfiber only.

Maintenance

Areas with heavy wear may be maintained with WOCA Maintenance Oil or WOCA Maintenance Gel after cleaning with Intensive Wood Cleaner.

CLEANING

TREATMENT

- 1 Natural Soap is shaken carefully before use. Make sure the pigments are mixed well.
- 2 125 ml Natural Soap is mixed into 5 L of cold water
- 3 Wipe the surface with a well-wrung mop.

For best results, use two buckets: one with soap water and the second with clean water to rinse the dirty mop.
